¹ At the (hybrid) BBA Matching Events, 5 early-stage startups can present themselves to our business angels every quarter. This is followed by a debriefing and a get-together with all participants.

² Twice a year, our Impulse Evenings offer presentations/discussions/roundtable discussions on current investment-relevant topics and the opportunity to exchange ideas with other members in a relaxed atmosphere with snacks and drinks.

³ At the BBA Masterclass, our members can learn about key aspects of StartUp investments over two days, get hints for their own first investments and gain inspiration and benchmark, as participants get concrete insights into the investment processes of professional players from the StartUp/Venture Capital sector, which have been developed over several years and continuously expanded and refined. Additionally, startups seeking capital will pitch during the event.
